

The SpaceVac Lite cleaning system is a low-cost entry level product for occasional use and teams only requiring a few yards of additional reach.

Ideal for use in domestic settings as well as light commercial use such as smaller retail units or office space where the removal of dust is critical to not only cleanliness, but also the health of employees working within the space.

Featuring our unique "safety locking mechanism" the SpaceVac Lite system is capable of reaching over 4m in height and can be fully accessorised with a range of additional add-ons tools to give users increased flexibility.
