## Carpets shampoo 750 ML

Dry foam with a high wetting and cleaning capacity can be used on all types of textile fibers; the product acts by capillarity.  
Contains antistatic and anti-dirt agents.

Against grease, coffee, wine, tea, sauce stains, etc., use is very easy due to the head down operation.

Biodegradability better than 80%.  
The use is easier by spraying upside down.

### PACKAGING

Tin plate can diameter : 65 mm / height : 300 mm  
Nominal volume: 1000 ml / Net volume: 750 ml.  
Box of 12 aerosols.

### INSTRUCTION FOR USE

Shake the aerosol slightly.

Use with the head downwards, keeping it at 40 cm from the surface to be treated.  
Spray uniformly.

Spread in a thin and regular film by rubbing on stains with a brush or a broom, to clean after having removed all dust.  
Allow the foam to treat fibers in depth as it dries. Finish with a clean dry cloth, the foam has literally absorbed all dirt that now impregnates the cloth. Vacuum clean or brush thoroughly after complete drying.  
Do a prior test for colors. Keep at a temperature higher at 5°C.

### USE FIELD

Use on all types of textile fibers.
