### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Active water stewardship maintaining an own fresh and waste water treatment

### Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

### Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# LOGLIFE polish

## **green-Effective® High-gloss Floor Polish**

- Universal ■ Safe ■ Cost-efficient

### Product profile

- LONGLIFE polish is an universal floor polish with exceptional environmental properties. Therefore, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, this easy-to-use floor polish enhances every floor independent of its original condition. It is easily applied and delivers reliable coating results with only two layers of dispersion.
- The low risk of powdering, its good polishing abilities and the possibility to easily restore the film makes LONGLIFE polish a reliable and durable floor polish. Its certification according DIN 18032-2 proves outstanding slip resistance for increased safety.
- This product works ideally in a system with LINAX stripper, which easily removes even multi-layer LONGLIFE polish polymer films.
- By the complete abandonment of hazardous ingredients such as metal-salts, TBEP, fluorinated levelling agents, silicone-surfactants and perfume, LONGLIFE polish takes on the responsibility for future generations.

### Application and Dosing

Dose in relation to application. Follow below instructions.

**Floor preparation:** strip the floor, remove all dirt and old dispersion layers.

**Initial treatment:** apply 2-3 thin and uniform layers. Drying time between the applications at least 30min.

**Open floor surfaces:** work in sections and apply wet in wet. Usage: approx. 2 L / 100 m<sup>2</sup>.

**Coating refreshment:** remove slight scratches using the spray-cleaner-method and a highspeed machine with red pad.

200 ml/L

### Area of application

- LONGLIFE polish is suitable for universal use on all coatable flooring especially flexible flooring made of PVC, linoleum, natural rubber and other special synthetic materials. Also suitable for use on hard flooring, e.g. natural stone and sealed wooden floors.
- Not to be used on polished stone floors, stoneware tiles, as well as on unsealed wood.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container. Keep from freezing.

**Environmental:** Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimises environmental impact.
